Hi Jeanne,

My apologies -- it looks like I spoke too soon. Would it be alright if we kept the meeting tentative for this Monday?

Sorry for the error.

Thanks,
/Debb

Hi Jeanne,

Thanks; I just accepted the invitation to meet on Monday. Looking forward to collaborating!

Hi Dan,

Here are some possible time slots.

Monday May 21 any time between 8-4

Wed May 23 9 am or 1 pm

Thursday May 24 anytime 8-3:30

Tuesday May 22 2:30-3:30 (last preference)

also, Friday is open as well.

I'm looking forward to reviewing overall plans and projects . On the spills work, we've pulled data from a fair number of data bases on spills that we are analyzing , so this is one example of possibly several where we could work together .

I'll resend the meeting invitation , add Deb Glosser. If the time I guess doesnt work for you, just propose a specific alternate time .

I'll include a phone line. Would it be helpful to set this up as a videoconference ?

thanks!

Jeanne

Hi Jeanne. I'm on travel today and Friday at Dartmouth College in NH to talk to them about Marcellus Shale g WVU; we had dinner and got caught up on a few things. I'll be back in the office next week - are there some d

- Dan

p.s. My intern Debb started classifying incidents from this Penn State study, and decided early on that it is a lit if our agencies could work together and put out a referenceable report backed up with real data. Let's talk next
